

# Harvard Model Congress

## Boston 2024

Dearest Delegates:

Welcome to the United Nations Security Council! We're incredibly excited that you've decided to join us in what we believe to be one of the most exciting and stimulating committees.

To introduce ourselves::

Hey y'all, my name is Gavin Lindsey and I am a Junior at Harvard from small town Western Colorado. At Harvard I double major in Environmental Science and Public Policy alongside Economics. This is my 8th HMC Conference and my 8th time being a part of Special Programs, SP born and bred! Outside of classes, I am involved in a lot of sustainability organizations on campus including Harvard College Conservation Coalition and Office for Sustainability! I am super excited to meet you all!!

Dhara is a freshman at Harvard University hoping to concentrate in Government with a secondary concentration in Global Health. This is her first HMC Conference. Having grown up in the Central Valley in California, from a town called Modesto located, she is very passionate about education equity and access to healthcare. In addition to HMC, Dhara writes for the Harvard Political Review, is a member of the IOP Policy Team, and volunteers on the Small Claims Advisory. Outside of academics, she enjoys running, reading, and hiking.

Fayyaz Razi is a first-year at Harvard from Kalamazoo, Michigan. He is potentially interested in studying Government or Social Studies on a pre-law track. Outside of Harvard Model Congress, Fayyaz enjoys spending time with family, watching investigative documentaries, and traveling.

Very soon, we'll be engaging in substantive conversations regarding the most pressing global security issues, crafting meaningful resolutions, and challenging our conventional viewpoints on many issues. Given the fast-paced and constantly-changing nature of the United Nations, we encourage you to stay up to date with current events and be informed on both domestic and international news! As always, please feel free to reach

out with any questions, comments, or feedback for us. We're looking forward to a very exciting HMC Boston and can't wait to meet you soon!

Cheers,  
Gavin, Dhara, and Fayyaz
